

Motorsports Performance Products

	Product	Application	Attributes
Traction Compound	TrackBite® (Gallon) (SP-162) 	Increases Traction	<ul style="list-style-type: none"> Increases lap times Increases traction using an adhesive approach Will not soften or harm tires Ready to use, no mixing required
Air Filtration	Filter Cleaner (15-22) 	Foam and Gauze Air Filters	<ul style="list-style-type: none"> Quickly and easily cleans fabric and foam air filters High-pressure spray blows off dirt and dissolves away old filter oils and grit Rinses out with soap and water
	Foam Filter Oil (5-20 or 5-16) 	Fabric Air Filters	<ul style="list-style-type: none"> Available in aerosol and Liquid Quick, easy application Red dye allows you to see areas covered
	Gauze Filter Oil (4-20) 	Gauze/Fabric Air Filters	<ul style="list-style-type: none"> Available in aerosol for easy application Maximizes protection and without compromising air flow
	Foam Filter Kit (15-202) 	Foam Filter Care Kit	<ul style="list-style-type: none"> Shrink Wrapped 15-22 and 5-20 above for retail sale.

Motorsports Performance Products

	Product	Application	Attributes
Cleaners and Protectants	Super Cleaner (3-20) 	Evaporating Degreaser	<ul style="list-style-type: none"> Not just another brake or contact cleaner, the high pressure combined with superior solvents gets it done like no other
	Spray and Wash (15-20) 	Water Activated Degreaser	<ul style="list-style-type: none"> Removes grease, grime, and cosmoline (packing grease) Leaves no residue Safe on polished aluminum and most plastics Pleasant fragrance
	Brake Cleaner (40-2) 	Discs, Drums, and Pads	<ul style="list-style-type: none"> Removes grease, grime, and brake dust Evaporates quickly Leaves no residue
	Carburetor Cleaner (40-1) 	Carburetors	<ul style="list-style-type: none"> Blasts away gum, fuel, and oil deposits throughout the fuel system For use on carburetion system internally and externally Safe on catalytic converters
	Contact Cleaner (40-3) 	Spark Plugs Electrical Contacts	<ul style="list-style-type: none"> Cleans oxidation and restores good connection Evaporates quickly and cleanly
	Renew and Protect (23-8 & 23-16) 	Plastic, Vinyl, and Rubber	<ul style="list-style-type: none"> Cleans, protects, and restores plastic, vinyl and rubber Ideal for tires, seats, plastic body parts, door/trunk seals, etc. Leaves a satin finish, not a "greasy/shiny" finish
	Fog Blocker (25-4) 	Goggles, Face Shields, Wind Shields	<ul style="list-style-type: none"> Prevents fog from forming on surface For use on glass and plastic Increases visibility and safety

Motorsports Performance Products

	Product	Application	Attributes
Specialty and Lubricants	Wheely Bar Chalk (SP-168) 	Wheely Bar Wheels	<ul style="list-style-type: none"> ■ Quick and easy application ■ Aids in the fine tuning of the drive train ■ Leaves a tell tail sign of when the wheely bar contacts the pavement
	Engine Assembly Lube (SP-701) 	Engine Rebuilding	<ul style="list-style-type: none"> ■ Contains high performance moly-based for lubricant ■ Aerosol makes application quick and easy ■ Mixes with all types of engine oils ■ No need to flush prior to break-in
	Super Charger Assembly Lube (40-4) 	Super Charger Assembly	<ul style="list-style-type: none"> ■ Protects initial start up ■ Reduces start up failures ■ Compatible with all fuels ■ Aids in supercharger break-in
	Cable Lube (1-12) 	Brake, Clutch, and Throttle Cables	<ul style="list-style-type: none"> ■ Frees sticky cables and decreases drag ■ Reduces effort of cable operated controls
	Chain Lube (1-06a & 1-08) 	Standard and 'O' Ring Chains	<ul style="list-style-type: none"> ■ Protects and preserves 'O' rings ■ Provides "cushion effect" for chain and sprockets ■ Extends chain life ■ Fewer Adjustments ■ Resists "fling off"
	LPC-3 Penetrating Oil (12-11) 	Super Rust Buster	<ul style="list-style-type: none"> ■ Breaks free corroded or rusted parts ■ Displaces moisture ■ Multipurpose lubricant

Motorsports Performance Products

	Product	Application	Attributes
Fuel System	Octane Plus Energizer (13-16) 	Fuel Enhancer/Booster	<ul style="list-style-type: none">■ Increases octane■ Stabilizes fuel■ Increases fuel shelf life■ For use with modified motors or when fuel grade/octane rating is questionable
	Carburetor / Injector Cleaner (13-12) 	Fuel System Cleaner	<ul style="list-style-type: none">■ Keeps injectors /carburetors at their peak performance■ Removes soft carbon from the combustion chamber■ Cleans the entire fuel system as you drive
